New Features	1
Enhancement	2

New Features

The following new features and capabilities have been added in this version of Docurated:

- The ability to capture analytics at the section level for a document. To get section analytics, you must have the output of your source document in the iDoc format.
- Section analytics overview is available under the **Analytics** tab of the **Preview** window.

The screenshot displays the Docurated interface for a document titled "Section Test Doc.zip". The main content area shows three sections of text. On the right, the "Analytics" tab is active, showing an "Activity Count" table. A red box highlights the "Section" column in the table, and a red dashed line points to a red box containing the text "Section Analytics overview".

Section	Views
Section One	126
Section Two	120
Section Three	150

- Detailed section analytics are available under the **Presenter Analytics**.

The screenshot shows the "Presenter Analytics" interface for "Marketing Analytics". The "Document" dropdown is set to "Lc...docx". The "Page" dropdown is set to "Section". A table displays detailed analytics for three entries:

Time	Section	Activity	Duration	Total Views	Unique Views
04:31 PM BST Sept 06 - 2022	Section 1	Changed to Section 1	10s	25	10
03:20 PM BST Sept 07 - 2022	Section 1	Re-Focused on Section 1	55s	35	15
04:20 PM BST Sept 07 - 2022	Section 2	Changed to Section 2	15s	36	30

- You can now access Docurated server also through the Docurated license for your Quark Publishing Platform NextGen server.

Enhancement

The following enhancement has been made in this version of Docurated:

- The default Docurated user interface theme has been updated to match the Quark Publishing Platform NextGen user interface.

If a quark – in science – is the basis for all matter, then Quark – the company – is the basis for all content. The company revolutionized desktop publishing and today provides content design, automation and intelligence software for end-to-end content lifecycle management. Customers worldwide rely on Quark to modernize their content ecosystems so they can create complex print and digital layouts, automate omnichannel publishing of mission-critical documents, and analyze production and engagement insights for the greatest return on their content investments.
